Make your hard work pay off even more.

Plant Manager Certification Course

Tuesday, December 12 - Friday,
December 15, 2017, Orlando, FL

Why attend? Never has it been more critical for your plant manager operator to be at the top of his/her game! Efficiency and productivity impact every penny in this tight economy! Plant managers serve a vital function, with responsibilities that affect issues from regulatory compliance to product quality, safety and profitability. NRMCA's certification program helps you make sure that they are up to speed on product knowledge, plant safety, environmental regulations, plant operations and ready mixed concrete industry business principles. This course establishes the basic industry standard, measured through certification. This course earns **24 credits** towards a **CCP_f** certification in the Operations and Production career track. The **CCP_f** certification is the highest professional designation in the industry. For more information, visit www.nrmca.org/steps

Who should attend? Plant managers, operators, batchmen and anyone aspiring to these positions.
