CONCRETE SUSTAINABILITY CONFERENCE

CONFERENCE SPONSORS

NRMCA
ARIZONA STATE UNIVERSITY

ASU
Ira A. Fulton School of Engineering

CORPORATE SPONSORS

BASF
The Chemical Company
Super Sponsor*

GRACE
Construction Products
Super Sponsor*

Trimble

Angelita
MATERIALS

PROPPEX
CONCRETE SYSTEMS

Sika

GOVERNMENT SPONSORS

ORGANIZATIONAL PARTNERS

American Coal Ash Association | American Concrete Institute | American Society of Concrete Contractors
Exhibitors

- ASU Concrete Industry Management Program
- BASF
- Boral Materials
- Grace
- Green Highways Partnership
- Green Power Technology
- NRMCA
- NRMCA STEPS
- PCA
- RMC Research and Education Foundation
- Silica Fume Association
NRMCA RES Committee

- Technical Advocacy – Codes and Standards
- Technical Resources
- Research
- Education and Certification

Key Objectives
- Elevate quality in ready mixed concrete
- Promote the use of performance based specifications
P2P Initiative - Goals

- Partnering – with all stakeholders
- Credibility – of involved stakeholders
- Codes and Standards – affect change
- Technology – develop measurement
- Sustainability – establish linkage
- Education – to all stakeholders

www.nrmca.org/p2p
The vision of the ready mixed concrete industry is to transform the built environment by improving the way concrete is manufactured and used in order to achieve an optimum balance among environmental, social and economic conditions.
Sustainability Initiative - Objectives

- Minimize energy use
- Reduce Emissions
- Conserve Water
- Minimize Waste
- Increase Recycled Content
