CONCRETEPAC, NRMCA's Political Action Committee, works to support candidates for federal office who are pro-business, pro-ready mixed concrete, and who understand the importance of our industry to America's economy. Advocating on behalf of the ready mixed concrete industry is a cornerstone of NRMCA, and the PAC is one of the tools NRMCA uses to achieve this goal. The Federal Elections Commission (FEC) requires trade associations like NRMCA to receive prior authorization from a member company before communicating with you or your eligible employees any information related to **CONCRETEPAC**.

Please also note, corporate members of NRMCA may only grant prior authorization to one trade association federal PAC per year.

YES, CONCRETEPAC has our company's prior authorization to solicit voluntary contributions for the calendar years listed below to all eligible employees or to just those listed on the back of this form as indicated by my signature for each year.
