

NRMCA's **CONCRETEWORKS** *Virtual Conference 2020*

October 7 – 8, 2020 | #cworks2020

2020 Don't-Miss Keynote Speakers

NRMCA's ConcreteWorks 2020 Virtual Conference is fast approaching, and you won't want to miss it! The agenda is online so you can get started on planning which sessions you want to attend, but don't miss our featured speakers:

Charlie Cook – The 2020 Election is right around the corner, and when Charlie Cook makes a pronouncement based on his analysis of the political scene in America, people who want to be “in the know” sit up and listen – he’s Washington’s most trusted – and most accurate – voice on all things political.

Ed Sullivan, PCA – The cement and concrete industries’ go-to economist, and named the most accurate forecaster by the Chicago Federal Reserve. Hear how Ed sees the rest of this year, 2021 and beyond.

Peter Shankman – 2020 has certainly been a year for change and adaptation. How do we ensure we emerge from our COVID-19 cocoons as beautiful butterflies? Learn about setting pathways for success by being brilliant at the basics.

Andrew Tyrrell, NRMCA and Sean O'Neill, PCA – Both will discuss how the Congressional and Presidential elections could impact the concrete and cement industries.

Find out more at www.nrmca.org/conferences-events/nrmca-concreteworks or #cworks2020

There is also a robust line-up of important and timely education session topics that will benefit individuals in all fields of the industry from operations to management and everything in-between.
