

FUTURE SCHOOLS SUMMIT:

Build With Strength's Resilient & High-Performance Schools Symposium

**BUILD WITH
STRENGTH**

NOVEMBER 1ST - 3RD, 2022 | BOWLING GREEN, KY

Event Description:

Join Build With Strength and NRMCA for three inspiring days convening all the players who make resilient and high-performance schools a reality: those who design, build, operate, and supply materials for these schools. The Future Schools Summit will include educational presentations given by industry experts, featuring zero-energy projects from Florida, Kentucky, and Maryland, trade show expo with vendors, tours of two local Net Zero Emerging Schools (15 EUI), tour of the National Corvette Museum, and many opportunities to network and engage with attendees and presenters.

Venue(s):

- National Corvette Museum
- Two Operational Net-Zero Emerging Schools
- A Net-Zero Emerging School under construction
- 440 Main
- NCM Motorsports Park

School Tours:

- Cumberland Trace Elementary School (Net Zero Emerging School – Bowling Green, KY)
- Rich Pond Elementary School (ICC 500 Storm Shelter – Bowling Green, KY)
- South Green ES (Net Zero Emerging – Glasgow, KY)

Educational Sessions:

- Session 1 - "Welcome to Warren County, the Home of the Nation's 1st Net-Zero School"
- Session 2 - "NeoCity Academy - Osceola County, FL"
- Session 3 - "Baltimore City Schools Roundtable Discussion: Holabird & Graceland ES/MS"
- Session 4 - "Sherman Carter Barnhart Architects: 21E Schools"
- Session 5 - "CMTA, Inc.: Net-Zero Energy Schools"
- Session 6 - "Cumberland Trace & Rich Pond Elementary Schools Tours"
- Session 7 - "South Green Elementary School Construction Tour"
