

NRMCA 100 – 202X SUBCOMMITTEE TASK

UPDATE TO CEMENT TERMINOLOGY IN NRMCA 100

TERMS OF REFERENCE (TOR)

- **Scope**

This subtask will focus on updating cement nomenclature to align with proposals and co-proposals that NRMCA, ACI and PCA submitted to the IRC and IBC for consideration. The outcome will reflect the results of approved ICC hearings on this subject. Further information will be provided in this direction.
- **Project Objectives**
 - a. Review the results of cement nomenclature proposals approved by the ICC in the IRC and IBC.
 - b. Identify key section of NRMCA 100 where existing cement nomenclature needs to be reviewed and updated accordingly.
 - c. Develop a roadmap for aligning the cement nomenclature changes in the IRC and IBC with NRMCA 100.
 - d. Submit a report with those nomenclature updates for consideration by the committee.
 - e.

Work Activity	Comments	Nominated Lead/Consultant	Support/alternate
Updates to nomenclature	Updates to terms, definitions, etc. to align with state-of-the practice.	Pooja Patel	JMB, Robert S.
